

Drawing With Pencil: The Landscape
Instructor, Karen Bash

The following items are required for this course. Please make sure you come with all your supplies the first day of class, as the instructor does not have extra supplies to lend out.

- PAPER: 9" x 12" drawing pad.
Spiral bound is preferable as the paper does not rip out of the pad when you turn a page. Do not bring a "Sketching" pad (the cover will state "Drawing" or "Sketching"). Sketching paper is lighter weight paper and will not be as effective with the techniques we will be using.
- PENCILS: HB, 2B, 4B Graphite pencils
- ERASERS: All-Purpose Eraser (these are usually white) & Kneaded Eraser.
- BLENDER: Stump or Tortillion
Bring the largest blender you can get. Or you can simply bring a piece of paper towel and use that to blend.
